Introvert and charismatic student, with a passion for technology and art. Studying computer science came with challenges that have put me on a quest for knowledge and experience.

Work Experience

Web Developer

Transart

- I joined Transart's apprenticeship program to learn the fundamentals of full stack web development.

Chef

Taco Bell

- Developed additional team work skills while completing orders under a strict deadline.

Building Caretaker

Medline

- Improved my endurance to repetitive tasks in an unchanging environment.
